**WILL IT CURE ME?**

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 125 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

Pierce's Common Sense Pellets

These are the **Original Little Liver Pills**, first put up over **40 years ago**, by old Dr. R. V. Pierce. They've been **much imitated** but **never equaled**. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and *concentrated* vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. *Permanently* cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence *lasts*.

**GOT HIS HAIR BACK.**

**Was Perfectly Bald When He Started to Use Newbro's Herpicide.**

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '9, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

**STRONG Again**

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

**Kodol Dyspepsia Cure**

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

**Digests What You Eat**

## THE CZAR WEEPS.

A dispatch from St. Petersburg, dated at an early hour this morning says that after waiting vainly all day and evening for direct news from the scattered remnants of Vice Admiral Rojestvensky's destroyed and beaten fleet, the Russian Admiralty at midnight no longer attempted to hold out against the overwhelming evidence pouring in from all directions that the fleet on which all their hopes were centered had suffered a greater disaster than did the combined French and Spanish fleet at Trafalgar.

More bitter even than defeat is the Japanese claim of the virtual annihilation of the Russian fleet, with practically no loss on their side, and many officers cling doggedly to the belief that Vice Admiral Togo must have suffered heavily.

With every ship of Rear Admiral Nebogatoff's reinforcing division either sent to the bottom or forced to strike its flag, and only six of Rojestvensky's original 16 fighting ships absent from the list of the vessels sunk or captured, and with the Japanese pursuit still continuing, no naval authority has the temerity to dream that Russia can again attempt to wrest the mastery of the sea from Japan in the present war.

The captured warships alone will furnish Japan with ready-made reinforcements which will be more than a match for the fourth Pacific squadron now about to sail from Cronstadt.

The Emperor was completely prostrated by the news, and, according to reports, he broke down and wept.

The effect of the disaster will be a terrible blow to the government. The futility of trying to stagger on on land is everywhere recognized, and the cry for "peace at any price" is sure to be raised. This time, it is believed, the government cannot resist such a cry.

Indeed, the radical liberals are openly rejoicing in this hour of their country's humiliation. They declare that the disaster means peace and a constitution, and that the death of thousands of their fellow-countrymen and the loss of over a hundred million dollars' worth of warships is not too big a price to pay.

The friends of peace in the government are already reproaching the war party with forcing the issue between Togo and Rojestvensky. When the fleet appeared in the Straits of Malacca they tried vainly to persuade the Emperor that the time was opportune for the opening of peace negotiations, but the war party convinced the Emperor, and Rojestvensky, for the honor of the navy, insisted that the fleet should be given a chance to retrieve the disasters suffered on land.

Diplomatists entertain no doubt that the belligerent faction will continue to urge that the war be fought to the bitter end, but the friends of Russia abroad, and especially France, are now bringing overwhelming arguments to bear in favor of peace.

## RUSSIA'S NAVAL LOSSES.

Russia's naval losses during the past sixteen months are summoned up as follows:

February 8, 1904—Battleships Retvisan and Czarevitch and cruiser Pallada torpedoed and sunk at Port Arthur.

February 9, 1904—Cruiser Variag and gunboat Korietz sunk off Chemulpo, Korea.

February 13, 1904—Cruiser Bayan sunk off Port Arthur.

February 26, 1904—One torpedo boat sunk off Port Arthur.

March 9, 1904—One destroyer sunk off Port Arthur.

April 13, 1904—Battleship Petropavlovsk sunk at Port Arthur. Admiral Makaroff and 674 men lost.

April 14, 1904—BattleshipPobieda and destroyer Istrashni disabled off Port Arthur.

April 19, 1904—One gunboat sunk off Port Arthur.

May 20, 1904—Cruiser Bogatyr driven upon rocks and sunk off Vladivostok.

August 10, 1904—Port Arthur fleet makes sally and is routed by Japanese. Admiral Withoft killed. Cruisers Askold and Diana and battleship Czarevitch (raised and repaired at Port Arthur) chased to neutral ports and disarmed.

August 11, 1904—Destroyer Ryeshitelni "cut out" at Chefu.

August 15, 1904—Cruiser Novik sunk off Port Arthur.

August 18, 1904—Cruiser Rurik sunk in Korea strait.

October 26, 1904—Battleship Sevastopol sunk at Port Arthur.

November 16, 1904—Battleship Rostoropny driven into Chefu and disabled.

January 1, 1905—Entire Russian fleet at Port Arthur captured by Japanese or driven to neutral ports and disarmed. Including sunken ships capable of raising and repair, it comprised 4 battleships, 2 cruisers, 14 gunboats and destroyers and 10 torpedo boats and other vessels. The sailors captured included 366 officers and 3,654 men.

May 28, 1905—Four battleships, three ocast defenders, five cruisers, three special service ships, four destroyers and about 2,000 men lost in Korea strait. Admiral Nebogatoff and 3,000 men prisoners.

**Man's Reasonableness**

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

**Ships and Their Men.**

The total strength of the two fleets under Vice-Admiral Rojestvensky and Vice-Admiral Togo which were in battle in the Korean strait is as follows, according to the New York American: Twenty-five thousand men, 169 ships and 465 guns.

Including Mebogatoff's division Rojestvensky had these fighting ships under his command:

| | |
|---|---|
| Battleships | 8 |
| Coast-defense ships | 3 |
| Armored cruisers | 3 |
| Protected cruisers | 6 |
| Destroyers | 13 |
| Auxiliary cruisers | 6 |
| Total | 39 |

The Japanese fleet is composed as follows:

| | |
|---|---|
| Battleships | 5 |
| Coast-defense ship | 1 |
| Armored cruisers | 8 |
| Protected cruisers | 12 |
| Cruisers (scouting ships) | 4 |
| Destroyers (at least) | 20 |
| Torpedo-boats | 67 |
| Submarines | 13 |
| Total | 130 |

The aggregate crews of the Russian armored ships and unarmored cruiser numbered about 10,200 men.

The crews of the Japanese ships of corresponding classes number 13,500 men.

But the crews of the Japanese destroyers and auxiliary cruisers exceed those of the Russian in nearly the proportion of the numbers of the respective classes.

**Chamberlain's Cough Remedy the Very Best.**

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

**There Is a Difference.**

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAY 30, 1905.

THE RESULT of yesterday's primary election did not surprise many people, as there was an impression several days ago that the present city officers would be continued in their respective positions for several reasons. There was no issue on; it was simply a matter where voters were called upon to make choice between citizens, all of whom are worthy. The present officers have faithfully performed their duties, while there is little reason to believe that those who were candidates for their positions would not, had they been chosen, have proven equally as efficient and faithful. Hence it is no reflection upon those who offered their services as public officers that the same were declined. It was simply a matter of choice where all things were equal. We prefer to believe that all who were interested will view the result with the good nature that should characterize such events in a city's history. The city of Alexandria has in recent years had no occasion to make any sweeping changes in her officials. The city has plodded along in a conservative manner for a long time. In recent years a spirit of improvement has developed and some public works have followed in which all take an honest pride. May all who have the interest of Alexandria at heart fall in line and aid those called upon to rule and to devise ways and means to accelerate what is being done and aid in such conservative work as is contemplated.

IT IS now definitely known that Admiral Rojestvensky's Baltic fleet has been practically destroyed by Admiral Togo and that the Russian admiral himself lies dangerously wounded and a prisoner. The Japanese have destroyed or captured nineteen of his ships and have three thousand prisoners, including Rear Admiral Nebogatoff. It is generally agreed that it is one of the most sweeping victories of ancient or modern times and totally eclipsing many which had previously become historic. The odds seemed to be against the Japanese when Admiral Rojestvensky appeared in eastern waters, and all the world waited for the announcement of the terrible conflict which was inevitable. The Russians had great confidence in their Baltic fleet and felicitated themselves with well-grounded hopes that Japan would be crushed upon the sea. But the tide of disaster which set in sixteen months ago has not turned, and most of the vessels of the splendidly-equipped Baltic fleet were destined to find a marine grave yard in the straits of Korea. All hopes of crushing Japan on the sea have vanished and the Czar, as described elsewhere, is weeping over the sad fate of war. The autocracy of Russia is dumb founded and chagrined, while many of the rank and file of the great empire want the war brought to a close at any price. In the meantime terrorists and revolutionists are becoming bolder in order to augment the distress of the Czar. Truly, uneasy lies the head that wears a crown.

SEVERAL MONTHS ago the Gazette commented upon the existence in Richmond of a corporation company and of the anomalous position it occupied. Now, as might have been expected, a scandal has grown out of the connection of the officers and stockholders of this company with the State Corporation Commission. It seems that the assistant clerk of the Corporation Commission was asked to resign his position because of his connection with the corporation company. This he refused to do and now threatens to bring suit for $10,000 damages against the chief clerk of the commission on account of the alleged charges made by the latter against him to the commission. Not only this, but he severely criticizes one of the members of the commission and declares that this member allowed his (the assistant clerk's) resignation to be demanded on an ex parte statement by the chief clerk because he (the member) did not wish his colleagues on the commission to know that he held stock in the new company. The assistant clerk then goes on to assert that the creation of a bureau of charters, of which he was made the head, had stripped the chief clerk of the commission of much of his power and had aroused his jealousy. This is an ugly condition of affairs and demands a thorough investigation and probably the resignation of more than an assistant clerk.

THE State Department has received word from Consul General Lay, at Canton, China, that merchants are holding mass meetings to extend the area of the boycott of all American goods on account of the dissatisfaction with the Chinese exclusion policy of this country. This indicates that powerful interests are at work in China to make the boycott effective. The Chinese naturally do not understand that the off-scouring of the earth are permitted to come to the United States while they are excluded; and of course they resent such a discrimination.

ONE ALABAMA man a few days ago killed another because the latter tried to borrow money. This should be a warning to would-be borrowers.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 30.

The first move toward peace in the far East was made last night at the White House, Japanese Minister Takahira had a long conference with President Roosevelt, by appointment, at which the entire situation resulting from the overwhelming victory of Admiral Togo was discussed. Although the minister refuses to disclose any of the particulars of his interview, it is generally believed here in Washington that he laid before the President at the latter's request his own personal views as to what terms Japan would be willing to accord Russia. Japan now, it is said, wants a billion dollars. Japan will also insist on the entire evacuation of Manchuria by the Russians; the cession of the lower end of the Liao Tung peninsula, held by the Russians under lease from China until captured by the Japanese, the cession of Vladivostok, with the possible proviso that Japan will make it an open port for the use of the vessels of all nations; the absolute recognition of the independence of Korea together with Japan's predominating influence in that country and the surrender of Russian war vessels now interned at Shanghai, Saigon, Chefoo and San Francisco. Provision will also be made for the return, probably at the expense of Russia, of all prisoners of war now held by Japan, as well as of those held by Russia. The Russian Ambassador, Count Cassini, has announced his purpose of calling on the President later in the week, at which time the President will doubtless communicate to him the substance of the interview had with the Japanese minister.

Baron von Sternburg, the German Ambassador, had an hour's conference with Secretary of State Loomis, this morning. Neither would discuss the object of the baron's visit but it is believed that it had a bearing upon peace negotiations.

"This brings us face to face with the yellow peril." That was the first exclamation that sprang to the lips of a member of President Roosevelt's Cabinet yesterday when he learned of the extent of Admiral Togo's great naval victory in the Straits of Korea. The same idea exists in a great many minds, and in military circles it is recognized that hereafter the United States will have to take Japan seriously into account as a competitor for the supremacy of the Pacific Ocean, which has been some time facetiously referred to as an American lake. The result of the battle just fought will, it is said, greatly strengthen the hands of President Roosevelt in his demands for a larger navy for the United States. The powerful navy now owned by Japan will, it is said, be augmented by the battleships and other vessels captured by her in the recent fight, and if Russia is compelled to sue for peace, as now seems probable, all the Russian ships which are now interned in various Chinese, French and American ports will at the close of the war become the property of Japan. This will be urged as a reason for a big increase in the American navy.

Senator Foraker addressed his comrades of the civil war at the Memorial Day exercises at the Arlington National Cemetery this afternoon. One of the most important portions of his oration, in view of his declaration when he was governor of Ohio, "No rebel flags shall be returned while I am governor," was his expression of hearty approval of the recent act of Congress by which all the captured Confederate flags have now been turned back to their respective States. His explanation of the opposition to this move 18 years ago was that it had been proposed to effect the return merely through an order of the President and without the sanction of Congress. The Senator reviewed the cause, character and results of the civil war and congratulated the country on the final disappearance of sectional hatred. Touching on the race problem he said: "Time, patience, patriotism and the education of experience may be necessary to practically and in reality secure to the black man everywhere, all his legal rights and privileges, but mental and moral growth give the highest assurance that he will eventually vindicate the statesmanship that made him a freeman and citizen of the republic; while his loyalty and heroism as shown in every war in which we have allowed him to participate will win for him a triumph over all the prejudices that stand between him and the door of hope."

"It is to early to discuss peace terms," said Minister Takahira today. "All that can be said with certainty is that the great battle just concluded is a step in the direction of peace. Other statements are at least premature." Conceding the necessity of eventual negotiation, Mr. Takahira said that it was customary for such settlements to be reached near the seat of war.

Judge Chas. E. Magoon, governor of the Panama canal zone reports to the War Department another death and another case of yellow fever at Panama. He announces the adoption of the eight hour day for laborers on the canal. It is the intention to work the men in three shifts and keep the excavation going night and day.

The National capital paid its annual tribute today at the graves of soldiers who lie in Arlington. Senator Joseph H. Foraker, was the orator of the day. At noon the national salute was fired by a battery of artillery. The exercises were in charge of the Department of the Potomac, G. A. R., the organizations of the veterans of the civil and Spanish wars holding a parade through the city streets before boarding cars for Arlington. Appropriate services were also conducted in the National Cemetery at the soldiers' home, and the various public cemeteries about the city in which soldiers are buried.

Benjamin F. McCaulley, a well-known Washington liveryman, was committed today to the District jail to serve a sentence of six months for contempt of court. McCaulley's alleged offense was trying to influence a juror in the Gassenheimer case, which was tried some weeks ago in a court of the District.

The third street railway accident within four days occurred last night at the corner of Pratt and Charles streets, Baltimore, about 10 o'clock, when car 268 of the Carey street line and car 1152 of the Roland Park line collided. Eight persons were injured, five of whom were women, but, it is thought, no one was seriously hurt.

### TOGO'S SWEEPING VICTORY.

As was intimated in the dispatches in the Gazette yesterday, Admiral Togo's victory over Admiral Rojestvensky was far more sweeping than was manifest by the first advices of the great naval engagement. The combined Japanese naval forces have vanquished the powerful combined Russian fleets. Rear Admiral Nebogatoff, commander of one Russian division, has been captured, together with over 3,000 officers and men, including a dozen captains and other high officers.

The personal fate of Admiral Rojestvensky is unknown, and it is believed at Tokio that he may have perished. The remnants of his fleet at last accounts were in flight toward Vladivostok, with the Japanese in hot pursuit and running down one after another of the retreating ships.

The Russian vessels of all descriptions sunk and captured numbered 19, according to the latest official reports. They include two battleships, five cruisers, three destroyers, one coast defense ship and two special ships sunk, and two battleships, two coast defense ships, one special service ship and one destroyer captured. Five thousand or more officers and men are believed to have perished on the sinking vessels.

Admiral Togo's official reports say he attacked the Russians Saturday near Okinoshima, southeast of Tsushima, and defeated them, sinking four ships and damaging others. Torpedo attacks Saturday night resulted in further destruction to the Russian ships.

The scattered and more or less disabled ships that escaped sinking or capture were pursued by Japanese cruisers, which kept a terrific fire upon them. A third Japanese attack upon a squadron of two battleships and three cruisers ended in the surrender of the battleships and two cruisers. The greatest destruction was done by torpedoes.

According to Togo's reports, the damage to the Japanese fleet was insignificant. The fighting continued all day yesterday.

Property losses of more than $60,000,000, and perhaps $75,000,000 to the Russian government will result from the Korean straits engagement. The eleven larger ships known to have been sunk are valued at $39,800,000, while those captured five in all are valued at $28,458,000.

Talk of peace negotiations are renewed. President Roosevelt had a conference with the Japanese minister yesterday and the President is ready to do all in his power to bring the belligerents into negotiations.

### Massacre of Armenians.

A dispatch from Nakhichelan, Government of Erivan, Transcaucasia dated, yesterday says: This government has been almost in a state of anarchy for days. A massacre of Armenians by the Tartar population is proceeding here and in the surrounding villages. The streets are filled with dead and wounded. The Mussulmans not only attack but pillage and burn the houses of Christians. The number of victims is not established, but exceeds 100 dead, including a priest. The butchery is reported to be still more dreadful in the villages. It is feared that the Persian Kurds will join the Tartars. The authorities are powerless to cope with the situation.

Dispatches have reached Moscow of a massacre of Armenians by Mussulman Tartars. It began in Erwan province after the assassination of the governor of Baku, on May 24, and had continued four days when the dispatches left. It began simultaneously in the public markets of the Nahetchevan district, the mob cutting the Armenians' throats. The massacre differs from the Baku slaughter because now the Tartars plunder and burn the houses with the dead and wounded. In every street burned corpses are frequent.

A holy war has been declared by the Mussulman Tartars, whom the Persian Kurds are sending enmasse against the Armenians. Many hundreds have been killed already in the villages of the Nahetchevan.

### Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes. "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Gibson & Timberman and W. F. ### Corporation Commission Troubles.

A. S. Lanier, assistant clerk of the Corporation Commission, whose resignation was asked for and who refused to resign, yesterday replied to the statement of Judge B. B. Crump, chairman of the Corporation Commission.

Major Lanier charges that the request for his resignation was not on account of the differences and incompatibility between him and the chief clerk, John A. Upshur, but because Judge Crump owned a share of stock in his enterprise—the Virginia Corporation Company—and did not want the other members of the Corperation Commission to know it.

Judge Crump declared that he took the share of stock out of friendship for Lanier, and thought nothing more about it or the bearing it might have upon the work of the Corporation Commission, and claimed that the differences between Upshur and Lanier were adequate for the removal of the latter.

Major Lanier replies to this as follows: "But this not the truth, Judge Crump. It was not out of any tender regard for me, but because you owned stock in the Virginia Corporation Company and did not want that fact brought to the knowledge of your own colleagues in the commission. You permitted me to stand up before the commission at the informal hearing that was had and bear the burden and responsibility of this company, with no word from me as to your connection with it, and you sat in silence and your colleagues never knew of our connection with this company until I brought it to their attention in my petition asking to be heard on the questions at issue after the request for my resignation.

"While this company has a very broad charter, its primary purposes, and the only ones exercised by it, are to represent existing corporations, performing for them the various duties the law exacts from them and procuring charters and organizing corporations for persons who may desire to incorporate their business."

Lanier will institute a $10,000 damage suit against John A Upshur on account of the charge made by Upshur.

Judge Crump is regarded as a man of high character.

## Today's Telegraphic News

### ADMIRAL ROJESTVENSKY'S DEFEAT.

London, May 30.—Admiral Rojestvensky succeeded in saving a remnant of his magnificent fleet. Such is the news that comes from Paris, where dispatches received from Vladivostok report the arrival of four of the Russian warships. The torpedo destroyer Bravi is also among the arrivals reported at Vladivostok, and aboard this boat was Rojestvensky dangerously wounded.

It is unofficially announced in Tokio that there were 2,223 casualties on the Russian ships that have drifted ashore on Tsushima, off the coast of Japan. The captain of the armored cruiser Admiral Nakhimoff is among the injured. Twelve hundred of the injured have been taken to Sasebo.

Survivors say that the Russian officers died bravely, but were incapable of defending their ships and lives. Orders signalled from the flagship were badly executed. The seamen, unfit for service, threw themselves into the sea, maddened by the accurate fire of the Japanese gunners.

The captain of the Nakhimoff says his vessels was sunk near Bear Tsu island Saturday seemingly by a mine or a submarine vessel. His vessel was entering the straits with the fleets, when suddenly there was a tremendous explosion and the Nakhimoff quickly sank, carrying to their death a majority of the crew. The captain reached a launch and was picked up on Sunday. Other survivors who managed to keep afloat were picked up by fishermen.

The Russians say that submarines and specially laid mines helped the Japanese greatly in their work of destruction.

The fact that Admiral Rojestvensky has arrived at Vladivostok on a torpedo boat makes it certain that the flagship, the Kniaz Suvaroff, was sunk in the great battle in the Korean straits. This belief is strengthened by a dispatch from St. Petersburg, which states that it is known there that the flagship was lost.

The news came to the Russian admiralty from the captain of the cruiser Almaz the first of the fleeing Russian vessels to arrive at Vladivostok.

The admiral is suffering from wounds received by the bursting of shells. He was taken to the hospital where he his condition was pronounced serious.

The protected cruiser Almaz is stated to be one of the ships that was saved by flight.

A dispatch from Shanghai reports that a small converted cruiser has entered the harbor there.

Further official reports from Admiral Togo who set out in pursuit of of the fleeing Russians are lacking today. It is reported that he sank several of the Russians during the running fight.

It is reported in St. Petersburg that Rear Admiral Voelkersam, who was in charge of the battleship squadron is among the killed.

Kobe, Japan, confirms the report that a Russian cruiser has arrived off Hamada on the coast of Japan. The vessel is disabled and has 200 men on board. A white flag was hoisted and members of the Japanese Red Cross Society started immediately to succor the many wounded men aboard. Hamada is about one hundred miles northeast of the scene of the battle.

Hundreds of Russian sailors, many badly wounded, are coming ashore at Yamaguchi, near the scene of the fight in small boats or clinging to wreckage.

St. Petersburg, May 30.—A semi-official statement made to a news agency confirms the sinking of the Kniaz Suvaroff, Admiral Rojestvensky's flagship.

London, May 30.—Peace talk is more in evidence now than at any time during the Russo-Japanese war, and dispatches from most European capitals think the conflict has been prolonged enough. The Pope is said to have expressed a wish for peace.

St. Petersburg, May 30.—The newspapers this morning, acting under the instructions of the censor, express the hope for Russia's success in the naval operations in the far East. This method of deceiving the people is not meeting with great success, however. The news of the battle and of the overwhelming defeat of Admiral Rojestvensky's fleet is becoming known generally and the greatest alarm exists. The revolutionists are doing their best to circulate the news of the defeat and to turn the situation to their own advantage. They declare that Togo fought the vanquished "foe" in the interests of Russian constitutionalism, and that his success is a victory for this cause. They made no effort to conceal their joy at the outcome of the battle. There are some signs that the revolutionists and terrorists are preparing to inaugurate street demonstrations against the government, but it is not likely that they will succeed in doing so.

Berlin, May 30.—Reports received here from St. Petersburg today to some extent dispel the hope which has been expressed generally that peace will follow the defeat of the Russian armada. The news which causes this disquieting effect has been a report that the Czar is determined to continue the struggle, notwithstanding the disaster which has overtaken Russia, in the hope that the army may eventually win a victory, which will retrieve for the previous losses. According to the report Russia may withdraw General Linevitch's army from Manchuria temporarily, perhaps, even forsaking Vladivostok. A million reinforcements will then be sent to the front, and after Linevitch has reorganized this immense force, the Japanese can be attacked and overwhelmed. The very fact that this plan will require months for development will aid Russia, as Japan must become financially crippled before it could be carried out. The Grand Dukes are said to be backing the plan, and urging the Czar to continue the war. While the dispatch from St. Petersburg would seem to indicate a determination to continue the war, little faith is put in the reports in some quarters. It is believed that Russia is only "bluffing and that the talk of war is merely for the purpose of securing better peace terms. In official circles there is the greatest reticence today on the subject of peace until more is known of the attitude of the Czar, and the war is certain to continue if the Emperor has really become convinced that Russia is sure of final victory by prolonging the conflict.

St. Petersburg, May 30.—The correspondent of the Publishers' Press is informed that a conference of the highest officials of the government has been called for tonight to consider the question of peace. The outlook for a decision to abandon the war is uncertain as it is known that some of the officials are still in favor of keeping up the conflict in view of the internal troubles of the empire in order that public attention may be diverted from affairs at home.

Washington, D. C., May 30.—An official telegram to the Japanese legation from Tokio received this morning says:

"Russian war vessels captured by us were brought safely to our naval ports on the 30th. Orel, battleship, to the port of Maizuru; Nicholai, battleship, and Apraxine and Senyavine, coast defense vessels, to Sasebo." The U. S. Cousul General at Shanghi has reported to the State Department that the Russian converted cruiser Smolensk is at Woosung, the port of Shanghai. The Smolensk was a part of Admiral Rojestvensky's fleet and it is supposed here put into Woosung harbor for refuge.

### ADMIRAL ROJESTVENSKY CAPTURED.

London, May 30.—A dispatch from Tokio says that it is rumored there that Admiral Rojestvensky has been captured.

Washington, May 30.—A telegram to the State Department from Tokio states that it is officially announced there that all of the Russian battleships excepting the Orel and the Nicholas which were captured by the Japanese have been sunk, and that Admiral Rojestvensky, Admiral Volkersham and Admiral Nebogatoff were prisoners.

New York, May 30.—The statue of Maj. Gen. H. W. He declared "that no people worth preserving ever existed or will exist, that was not able to fight if the need arose." The President also declared that "the surest way for a nation to invite disaster was to be opulent, aggressive, and unarmed." The ceremonies followed a breakfast at the Union League club. The invocation was delivered by the Right Rev. Bishop Frederick Burgess, of Long Island. After the arrival of the President and his party, escorted by troop C, a salute of twenty-one guns was fired as the President mounted the platform near the statue which was veiled in a large American flag. Michael J. Kennedy, Brooklyn, Commissioner of Parks, presented the statue to the city and it was accepted in behalf of the commonwealth by Mayor George B. McClellan, after Miss Gertrude Slocum had pulled the string which released the flag and unveiled the statue. After the the exercises the President was escorted to a reviewing stand on Eastern Parkway, where he reviewed a parade of veterans of the civil war.

### The Hamburg Sighted.

Scilly Island, May 30.—The German yacht Hamburg, the second of the contestants for the Kaiser's cup, to be sighted, passed four miles to the south of Bishop Rock, lighthouse, at nine a. m. A very light southwest breeze prevails and the yacht is almost becalmed. The Hamburg is the only German yacht which was entered in the race, and the boat was entered by a German syndicate. The yacht was regarded as the most formidable competitor of the Atlantic, which was early picked to win the race. The Hamburg was the fifth boat to cross the line, at the start being the second yacht behind the Atlantic.

### Bride Drowned.

In the presence of a party of friends, who had spent most of the night celebrating her marriage, which took place Sunday, Mrs. Delia Ahern, of New York, early yesterday lost her life by drowning. Her husband, who was within a few feet of the spot where the tragedy occurred, was ignorant of his bride's plight until it was too late to save her life. Mrs. Ahern, who was 30 years old, was with her husband, Capt. Patrick Ahern, and a party of friends on Captain Ahern's barge, which was anchored in the Hudson river. The festivities continued until early yesterday, and when the visitors made preparation to leave the barge it was intensely dark. As she stood at the side of the vessel, bidding her friends good night, Mrs. Ahern missed her footing and plunged into the river. Michael Creegan, who was standing beside her, saw the woman fall, and at once jumped to her assistance. The splash made by the two bodies was almost simultaneous, but when Captain Ahern and a policeman looked into the river only Creegan was in sight. They quickly pulled him out of the water, but when he was able to tell them the reason for his plunge the woman's body could not be found.

### Termination of a Suicide Pact.

Arthur S. Milligan, whose home is in Brooklyn, and who went to Milwaukee from Chicago on January 16 with Florence Groves, with whom he entered into a suicide pact, pleaded guilty to manslaughter in the Municipal Court in Milwaukee yesterday, and was sentenced to 10 years at Waupun, the extreme penalty. Milligan was also a confessed embezzler and forger, and has been in the county jail since January 23, waiting trial on the charge of murder in the first degree. In accordance with a suicidal pact, the girl made four desperate attempts to take her life by drinking poisons on the afternoon of January 22 and on the morning of January 23. After her death Milligan, who had procured the poison, lost his nerve, fled from Milwaukee, and was later arrested at Racine. The story of the suicide was told by Milligan, and showed that the girl had tried to end her life with four different kinds of poison while Milligan looked on.

### Yesterday's Election.

The democratic primary election yesterday resulted in the selection of those who already hold city and State positions. It was at first thought that the primary would be devoid of the animation long characteristic of primary elections, but it was soon seen that notwithstanding the fact that the issue was being conducted quietly it was with energy and determination. The candidates for the various positions with many of their friends were untiring in their exertions to bring out a full vote, and succeeded in a measure in doing so, as nearly 1,200 persons cast votes out of a qualified list of over 1,400. After sunset considerable interest was manifested in the result. It was not long, however, before it became apparent that the present office holders had had a virtual walk-over. The returns from the First and Second wards which had been received made this apparent. The returns from the other wards were received later in the night which fully confirmed first impressions. Many anticipated the result several days ago, and the majority of the people did not seem surprised. The following is the ticket nominated:

Auditor, E. F. Price; Clerk of Gas, John B. Waller; Collector of Taxes, P. F. Gorman; Corporation Attorney, Samuel P. Fisher; Clerk of Courts, John S. Beach; City Treasurer, Thomas W. Robinson; Commissioner of Revenue, Charles H. Callahan; City Sergeant, Robert H. Cox; Commonwealth Attorney, Samuel G. Brent; Measurer of Wood and Bark, Charles Goodrich; Inspector of Lumber, S. C. Swain.

The sixth last named had no opposition.

The following is the official vote:

### The Electric Railway.

As was announced in yesterday's Gazette, a large portion of the double track of the electric railway was used today by the trains running between this city and Washington. All four of the new motor cars which arrived from the Brill works in Philadelphia about a month ago, are now in service, No. 19, the last to be fitted up, having gone on the road a day or two ago. The new cars are put on the longest runs and are in service from early in the morning until late at night. There has been a noticeable improvement in the service in the past month. The new motors are heavy and run smoothly without the jerk and jar so noticeable in the old motors, and their advent on the road has added much to the efficiency of the service. Superintendent Colvin states that as soon as the work between this city and Washington is completed improvements will be made on the Mount Vernon division south of this city. The handsome new parlor car recently purchased by the Mount Vernon Company, is at the Four Mile Run power house being made ready for service and will be out in about a week.

### Decoration Day.

Today was a national holiday, and many availed themselves of the opportunity afforded to visit excursion resorts and places of interest. The weather early in the day was sultry and there were occasional sprinklings of rain. Later, however, conditions became more pleasant.

The river steamers transported large crowds of excursionists to the different resorts, while the electric trains were kept busy carrying people to and from Mount Vernon. As usual numbers of passengers left the cars in this city and visited the various historical points.

Arrangements for the services in the National Cemetery have been completed, and the programme as published yesterday will be carried out.

### Anti-Expectorating Law.

Now that the anti-expectorating law is soon to be enforced, it is hoped that some of those persons who persist in casting banana and orange rinds on public thoroughfares will be dealt with according to law. The practice of dropping peelings from such fruits on sidewalks is exceedingly dangerous, especially at night, when pedestrians are liable to step upon them.

### The Phillips Brooks Tablet.

A tablet in memory of Rev. Phillips Brooks was today presented to the Theological Seminary, near this city, by alumni and undergraduates of Harvard University. The tablet is an artistic piece of work in bronze, three feet by two and a-half in size. On the tablet is the following inscription:

In loving memory of Phillips Brooks, Bishop of Massachusetts, Born December 13, 1835; Died January 23, 1893. Harvard 1855; Virginia Theological Seminary 1859; Blessing thousands by his character and work, he bound Harvard to Alexandria and united students South and North in the service and love of Christ. This tablet is erected by the graduates and undergraduates of Harvard University, May, 1905.

The tablet is placed in the east wall of the Seminary Chapel near the main door, so that it is at once seen by those entering the chapel.

The committee from Harvard who came to attend the presentation were Prof. F. C. de Sumichrast, chairman; Walter J. Hertzog, secretary; Percy E. Wye, treasurer, and Robert W. Skinner and R. H. Purnell. The committee has published a beautiful pamphlet containing Mr. Hertzog's speech at the Church Students' Association held at the Seminary last December and a sketch of the life of Phillips Brooks by his classmate at the Seminary, Rev. G. E. Strong, of Boston. In the pamphlet are also pictures of Bishop Brooks, the tablet and the faculty of the Seminary.

The services today, which commenced at 2:30 o'clock p. m., were conducted by Bishop Gibson and the members of the Seminary faculty. The address of presentation was by Dr. Floyd Tompkins, of Philadelphia, and the address of acceptance by Rev. Dr. Carl Grammer, of Norfolk.

Dr. Tompkins in his address spoke of Bishop Brooks's relation to Harvard and Dr. Grammer of his connection with the Seminary and his reputation as a preacher.

The services were largely attended, among those present being a number of persons from Washington, this city and the surrounding country.

### Chadwick-Graves Wedding.

The scene of a very pretty wedding last evening was the home of Mr. W. P. Graves, on south Fairfax street, when his youngest daughter, Miss Asenath Moore, in the presence of a large company of friends from this city and Washington, became the bride of Mr. George Albert Chadwich, of the latter city. Mr. Wm. Starnell presided at the piano, and to the strains of the Mendelssohn march the wedding party descended the broad stairway and proceeded through the tastefully decorated parlors to an improvised altar, where they were awaited by the officiating clergyman, Dr. F. J. Brooke; the groom, and his best man, Mr. Eugene Carroll, of Richmond. The bride, looking very lovely in a gown of white lace over taffeta, white roses looping her veil and carrying a shower bouquet of sweet peas, was given in marriage by her father. Her attendants were her sister, Miss Lucy M. Graves, gowned in white net over silk and carrying pink sweet peas, and little Miss Katharine Smith and Master Herbert Graves, who strewed flowers in the pathway of the bridal procession. Mr. and Mrs. Chadwick left last night for Atlantic City, and while on their wedding tour will visit several of the northern cities. Among the out-of-town guests were Mr. Thad L. Mallam, of Altoona, Pa.; Mr. John Chadwick, of Schenectady, N. Y.; Mr. Ward Chadwick, of Paterson, N. J., and Mr. Eugene Carroll, of Richmond.

### Terrible Accident.

It was Lawrence R. Washington who was run over by a Washington-Southern Railway train and fatally injured yesterday evening, and not Harvey George, as was telephoned to the Gazette as the paper was about to be put to press. The accident occurred at St. Asaph Junction when the unfortunate man attempted to board a moving car, and missing his footing fell beneath the wheels. Both legs were horribly crushed, one below the knee and the other near the thigh. He was brought to this city and placed in the Alexandria Hospital, where Dr. William M. Smith amputated both limbs with the hope of saving his life, but his injuries were of such a nature that death followed about 8:30 o'clock last night. The deceased left a wife and several small children. He was a son of the late Geo. Washington, at one time a prominent merchant of this city, and was about thirty-five years of age. He had for some time been in the employ of the Washington-Southern Railway. The death of Mr. Washington recalls a singular fatality that has followed members of one family. A number of years ago Clarence Washington was run over and killed by a train on the Washington and Ohio Railroad, about a year ago his brother, George Washington, was knocked down by a train at King and Fayette streets and one of his arms crushed, and yesterday a third member of the family received fatal injuries from a train.

### Dinner to Correspondents.

Secretary Shaw was the host yesterday of nearly 100 Washington correspondents at a delightful informal dinner at Marshall Hall. The occasion was in fulfillment of a partial promise made two years ago. The Secretary hurried back from his western tour of last week to be present. Dinner was served in the big pavilion adjoining the water. The revenue cutter Windom carried the party. On the way up the river the Windom ran on a mud bank and the government tugboat Gibbons coming along at the time took Secretary Shaw and his guests aboard and brought them safely to Washington.

### Married in Fredericksburg.

Mr. Wm. E. Latham, jr., of this city, and Miss Lucie G. Larkin, of Fredericksburg, were married at the home of the bride in the latter city, at one o'clock yesterday. Rev. J. R. Rosebro, pastor of Waverley Presbytepian church, Baltimore, performed the cerermony. The marriage was witnessed by members of the family and a few personal friends. Mr. and Mrs. Latham will reside in this city.

### Carrier Pigeon.

A beautiful carrier pigeon No. 25,708 alighted at the home of Miss Minnie Forrest, No. 325 Queen street, early yesterday afternoon. The bird seems perfectly contented and not in any way desirous of leaving. It is but half-grown and untrained, and for fear the bird may come to harm, Miss Forrest will care for it until she hears from its owner.

### Personal.

The many friends of Mrs. Hester, formerly of this city, who has been quite sick at Dr. Fry's sanitarium in Washington, will be glad to learn that she is rapidly recovering.

Mrs. C. W. Wattles, with her little son, has gone to Jefferson county, W. Va., to visit her parents.

Among those who took the degree of doctor of medicine at the George Washington University, in Washington, last night, were Mr. Edmund T. M. Franklin and Mr. Lucien C. Smith, of this city.

Miss Catharine Critcher returned yesterday from Paris to her home in this city, where she will spend the summer.

Mr. Wm. A. Christian, of New York, is visiting his sister, Mrs. P. J. Dempsey.

Mrs. George S. French, Miss Eleanor French and Miss Ramsay will give a tea at the golf club house on Friday afternoon, June 2, from 4 to 7 o'clock.

### No Steam Communication.

It is thought that communications between Washington, Alexandria and Mount Vernon after tomorrow will be confined entirely to the electric railway, as on that day the steamer Charles Macalester makes her last trips to the home of Washington and as far as can be ascertained the Mount Vernon regents have not yet secured a steamer to take her place on the route. The steamer Charles Macalester was built in 1890 for the Mount Vernon service and has run continuously on that route for the past fifteen years. She will now be devoted entirely to the excursion business on the Marshall Hall route.

### Dearth of Items.

There was but little going on in Alexandria today which afforded material for local items. As is usual when some events of general or universal interest are being discussed but few people desire to talk on anything else; hence yesterday's primary election and Admiral Togo's victory overshadowed everything else. When nothing important is in progress people talk on miscellaneous subjects, and suggestions and ideas for items are more in evidence. Besides today was a holiday and many were more bent upon anticipated trips and diversions than anything else.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Rose Dean and Joseph Barrett, arrested by Officers Patterson and Bell charged with disorderly conduct and fighting, had their cases continued.

Samuel Watts, colored, arrested by Officers Allen and Beach for discharging a pistol in the street, was dismissed.

John Gray, colored, arrested by Officers Ferguson and Arrington charged with assaulting Joseph Carter with a pistol, was fined $20.

### Alarms of Fire.

The alarm of fire shortly before 11 o'clock this morning was caused by the explosion of a gasoline stove in the kitchen of the residence of John Trigger, on Queen street, between Henry and Fayette. The stove was thrown into the street, not, however, until it had set fire to the kitchen. The flames were quickly subdued and the damage was slight.

The alarm shortly after two o'clock was caused by a slight fire in Mr. C. H. Zimmerman's stable in Market alley.

The explosion of a lamp in the saloon of Mr. James Garvey on north Henry street last night caused a slight fire there.

### Charter.

Among the charters granted by the Corporation Commission yesterday was one to the William A. Easterday Company (incorporated), of Alexandria. Incorporators William A. Easterday, president and treasurer, Washington, D. C.; William D. Easterday, secretary, Washington, D. C.; Elias M. Sheetz, director, Washington, D. C. Capital stock, maximum $20,000.

### Carnival.

The Jones-Adams Carnival Company will open on the old fair grounds, upper King street, June 5. The carnival will be under the auspices of the Alexandria Light Infantry. Newspapers published in different cities where the carnival has been located speak in praise of the company and of the interesting nature of the exhibition.

### Regatta.

The Old Dominion Boat Club will this evening hold its annual regatta. The time fixed is 4:30 o'clock. The arrangements have all been made by the members and good sport is promised. There will be single and four oared shell races, double outrigger races, double canoe races, swimming and tub races.

### Fishing Shore Leased.

The Clifton fishing shore at Widewater in Stafford county, one of the best on the Potomac, has been leased from Messrs. Charles King and Company, of this city, to Mr. G. W. Herring, of Widewater, who will operate it hereafter.

### Insurance.

The amount of life insurance claims paid in Virginia during the year 1904 as reported by the Insurance Press was $3,688,473. The amount paid in Alexandria was $38,608.

### A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufactures that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.

### A Correction.

To the Editor of the Alexandria Gazette:

I noticed an article in your paper which placed me in an embarrassing position as the representative of the Arlington Brewing Co. I want to state that I furnished the detectives with the information in regard to the large ice box, and stand by it; that it was the property of said company and used to store goods in for the convenience of customers. The other contents belonged to me as the representative of the owners of the box and were stored there on account of lack of room at my place. I want to state that I did not know anything about the goods found on Mr. Burnett's premises and disclaim any connection or ownership of them. It is unnecessary for me to say further that I am willing at all times to assist the city officers, as they well know. I know that you did not intend to reflect on me, but I want this explanation made in justice to myself.

JAMES KELLEY.

The June Metropolitan, which has been received from its publishers in New York, is strong in text, rich in pictures and appeals to every taste. Its chief paper, "Our Barbarous Eskimos," is by Dr. Sheldon Jackson, the one man in the world who knows all about Alaska. Another article, "Deep Sea Giants," has all the fascination of a story and the facts of a scientific essay. An account of James Hazen Hyde's "Costume Ball," illustrated with protographs, is of interest, as are the two serials now appearing, "Outside the Law" and "The Mystics." "The Drama of the Month," "On Being a Dramatic Critic," clever short stories, poems, etc., conclude this excellent issue.

# Alexandria Gazette.

TUESDAY EVENING, MAY 30, 1905.

**Sad Fate of a Careful Man.**

I had a friend who did his duty to himself and others with such zeal that he never went to bed without taking his temperature or got up without drinking a scientific decoction the name and composition of which I have forgotten. The flavor, however, was such as rendered the duty performed particularly meritorious. His dietary was based on the most scientific principles. He weighed himself before and after each meal. He had his appendix removed, so as to avoid all risk of appendicitis, and, in short, he so fully realized the duty of being healthy and long lived that he never had time to do anything else or talk about anything else. Unfortunately he never took that fickle jade "Fortune" into his calculations, and after only a year of striving most manfully to fulfill the duty of being long lived he slipped on a piece of orange peel and fractured the base of his skull.—Pall Mall Gazette.

**Cigar Boxes of Spanish Cedar.**

"The best cigar box is made of Spanish cedar," said a tobacconist. "All our imported cigars come in Spanish cedar boxes. Look here."

He opened a box of beautiful, costly cigars, and the odor diffused through the shop was indescribably pleasant, an odor half of tobacco, half, as it seemed, of spices.

"That spicy smell—do you notice it?" said the dealer. "Well, that is the smell of the Spanish cedar. It communicates itself to the cigars, and so delicate and subtle is it that it actually improves their flavor.

"If we put up our goods in chestnut or walnut or pine boxes the flavor of the wood, impregnating the tobacco, would ruin the cigars entirely; hence moderately good cigars are put in a box that is quite odorless, and the best cigars are put up in this aromatic and costly box."—Philadelphia Bulletin.

**Mexican Etiquette.**

Mexican etiquette puts on the newcomer the responsibility of making all the social advances. Visitors to any principal Mexican city, whatever their rank, foreign ministers not excepted, must in solemn print give notice to every family of any consideration resident in the municipality that they have arrived and put themselves and their homes at the disposition of the residents. Otherwise they will receive no social attention whatever. Intending visitors to that country need to be equipped with this knowledge of the customs prevailing there. The point of etiquette involved is peculiar to that country, having no known existence elsewhere. The people are very kind and hospitable when approached in their own way, and none other is understood or taken any notice of by them.

**How to Feed Dogs.**

In an article in the Animals' Friend C. Leighton discusses the home treatment of dogs, the various forms of distemper and their special treatment. To improper food as well as excess in eating he attributes the chief cause of this malady. "A little bread and milk or a plain biscuit should alone constitute his diet, and no alarm need be felt if the dog refuses to eat. His appetite will return with his health." He adds that bones are distinctly "harmful and frequently fatal, since they loosen the teeth, give them a taste for meat, which puts them off their proper food, and if a splinter is swallowed it frequently becomes impaled in the lungs or intestines or causes stoppage, when their doom is sealed and the poor brutes die."

**Highest Ten Buildings.**

The ten highest buildings in the world are the Eiffel tower, Paris, 944 feet high; the Washington monument, 555 feet; City building, Philadelphia, 535 feet; Cathedral of Cologne, 511 feet; Cathedral of Strassburg, 466 feet; the chimney of the St. Rollox Chemical works, Glasgow, 455½ feet; St. Martin's church, Landshut, Germany, 454 feet; St. Stephen's, Vienna, 453 feet; the Great Pyramid, 450 feet, and St. Peter's, Rome, 448 feet.—Boston Globe.

**Hard Constitutions.**

"Poor old Richley!" said Brown. "He's a very sick man."

"Yes," replied Dr. Bolus, "but I have his case in hand now, and there is hope."

"Oh, I don't know!" replied the other absentmindedly. "Some of your patients have been known to get well in spite of you."

**"I Thank The Lord!"**

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

**How to Ward Off Old Age.**

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Gibson and Timberman and W. F. Creighton & Co.

**Strictly Genuine.**

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.
